

ADDENDUM #3

**DOWD JUNCTION TO MINTURN TRAIL, PHASE 1
August 24, 2009**

**FEDERAL AID PROJECT NO.: ES3 006A-043
FEDERAL PROJECT CODE: 16945**

Bidders shall acknowledge receipt of this Addendum #1 on the Bid Form. Failure to do so may render the Bidder's bid non-responsive. The following changes, additions, or deletions shall be made to the Bid Specifications and Construction Plan Set as indicated, and all other conditions shall remain the same.

1. Revised MSE Wall Plans

Please replace Terracon Sheets 1 through 6 from the July 31, 2009 plan set with the attached Terracon Sheets 1 through 6 dates 8/24/2009. The plan sheets have been modified to address pre-bidding questions regarding geotextile specifications and acceptable block type, by defining generic wall block criteria such as connection, peak and deformation strength that must be met.
